

Gregerson Is Player of Year

Helm's All-Southern California Board of Basketball did not have to deliberate long before naming John Gregerson of Narbonne High School as the Marine League's player of the year for 1959. Gregerson led Narbonne to the league title from his center-forward position and averaged 19 points for the eight-game league season. Only a junior, Gregerson was especially effective on the boards for Coach Wayne Sloss, who will be looking forward to having his ace center back next season.

Three other top scorers in the league made the first team. Jordan's Charles Kennedy nabbed a forward berth along with Gregerson. He averaged 16 points to wind up right behind Charles for scoring honors. San Pedro's Dinko Bozanic and Jack Bogdanovich were first teamers. Bogdanovich finishing as the league's 5th scorer with a 13.5 average. James Lowery of Banning wound up 4th with a 14.9 average.

No players repeated from last year's Marine teams, however, four of this year's crop are juniors and will be back in '60.

Plumbing Firm Grand Opening Success Hailed

Gratitude for the outstanding response to their week end sale of appliances and fixtures was expressed yesterday by officials of the Coast Plumbing and Heating Co., 25602 Narbonne Ave.

Bob Pavkovich, who has been in the plumbing business in Lomita for the past four years, and his partner, S. E. Thompson, a plumbing contractor with 20 years experience, provide a 24-hour emergency service. Their firm also carries a complete line of RCA appliances, as well as bathroom, kitchen, and heating fixtures.

The firm also operates a yard where preliminary fabrication of plumbing is carried on. Many of the plumbing layouts for new construction projects are done at the yard.

New Agent Named Girl Scout Troop 216

Appointment of Arthur R. Attridge, 22403 Evelyn Ave., as an agent for the Prudential Insurance Co. has been announced by Horbey L. Harms, manager of the South Bay district.

Inflation can easily become a runaway horse.

Inflation is caused by a lot of things. But one of the most important is rising labor costs without a corresponding increase in the nation's productive efficiency. The reason: 75 percent or more of the cost of what you buy is for labor.

It's kind of a chain reaction. With each round of wage and price increases, our dollar loses another chunk of purchasing power.

If things keep on this way another twenty years—or ten—or five—what will happen to your savings, your insurance,

your pension plans, your children's education? Inflation robs you of your future security. Isn't it time to stop this senseless spiral?

Some people think they enjoy a little inflation—at least temporarily when they get a few more dollars in pay.

For a while they have more dollars to spend and everything is rosy.

But, too soon, comes the day when rising costs force prices up so high people don't have enough dollars to go around.

Nobody likes inflation then.

The American Iron and Steel Institute brings you this message from the steel industry because

Inflation robs us all
